U.S.G.A. Rules will govern all play except for the following local rules.

Distance–Measuring Devices: A player may obtain distance information by using a device that measures distance only.

However, if during a stipulated round, a player uses a distance-measuring device that is designed to gauge or measure other conditions that might affect his play (e.g., gradient, wind-speed, temperature, etc.), the player is in breach of Rule 14-3.

Embedded Ball Rule is in Effect. Through the green, a ball which is embedded in its own pitch-mark in the ground, other than sand, may be lifted without penalty, cleaned and dropped as near as possible to where it lay but not nearer the hole. The ball when dropped must first strike a part of the course through the green.

Immovable Obstructions: All cart paths and service roads and extensions thereof are considered immovable obstructions. (Rule 24-2) Through the green, the players must lift the ball and drop it without penalty within one club length of and not nearer the hole than the nearest point of relief. The nearest point of relief must not be in a hazard or on a putting green. When the ball is dropped within one club length of the nearest point of relief, the ball must first strike a part of the course at a spot that avoids interference by the immovable obstruction and is not in a hazard and not on a putting green.

Aeration Holes: Through the green, a ball which comes to rest in or on an aeration hole may be lifted without penalty, cleaned and dropped, as near as possible to the spot where it lay no nearer the hole. The ball when

dropped must first strike a part of the course through the green. On the putting green, the players shall place the ball at the nearest spot no nearer the hole which avoids such situation.

Practice is allowed on the golf course prior to and in between rounds in stroke play competition per note for Rule 7-2.

Time of Starting: If the player arrives at his starting point, ready to play, within five minutes after his starting time, in the absence of circumstances that warrant waiving the penalty of disqualification as provided in Rule 33-7, the penalty for failure to start on time is loss of the first hole to be played in match play or two strokes in stroke play. Penalty for lateness beyond five minutes is disqualification.

Suspension of Play Due to a Dangerous Situation: When play is suspended by the committee for a dangerous situation and the players in a match or group are between the play of two holes, they must not resume play until the committee has ordered a resumption of play. If they are in the process of playing a hole, they must discontinue play immediately and not resume play until the committee has ordered a resumption of play. If a player fails to discontinue play immediately, he is disqualified unless circumstances warrant waiving the penalty as provided in Rule 33-7.

Immovable Obstructions Close to Putting Green: Relief from interference by an immovable obstruction may be taken under Rule 24-2. In addition, if a ball lies off the

putting green, but not in a hazard and an immovable obstruction, on a closely mown area, or within two club-lengths of the putting green and within two club-lengths of the ball intervenes on the line of play between the ball and the hole, the player may take relief as follows: The ball must be lifted and dropped at the nearest point to where the ball lay which (a) is not nearer the hole, (b) avoids intervention and (c) is not in a hazard or on a putting green. The ball may be cleaned when lifted.

Please refer rules disputes to the golf professional.
